

## exceeding our customers' expectations

For over twenty years, leading regional service centers, fabricators and OEMs have trusted Ratner Steel to deliver steel products of the utmost quality with reliability and great service.

Why choose us? Ratner Steel offers the best of both worlds. Our customers enjoy the unmatched value and honest customer relationships of an established mid-sized service center, but with state-of-the-art capabilities rivaling the biggest service centers. Our relationships include membership and involvement in key industry alliances and associations. **Call 651-631-8515**
